What if I can't find a guarantor in Switzerland?

Some applicants find it difficult to obtain a guarantor in Switzerland. Usually this is because they have recently relocated to Switzerland and do not know anyone here who has known them for longer than 12 months.

If you are unable to obtain a guarantor in Switzerland, you should obtain a guarantor from a country where you previously lived - e.g. Australia. You will need to send them Section 11 of the PC8 form, together with one of your passport photos, for them to endorse and sign. Once they have signed the documents, they must send the originals back to you so that you can submit them when you lodge your application. We cannot accept faxes or emails from your guarantor. They must send the originals back to you before you lodge.
